Description:

The background of the cloth badge is our Hong Kong community, which represents the dream and hope of the designer on the future society. Everyone needs to take action to sustain this beautiful community. The hand on the left is holding/growing a small sapling, which symbolizes individual's actions as well as the effort paid by our Girl Guide members to construct a better Hong Kong. Cooperation within the local community is also important. The two hands only touch but not holding each other. This is to remind and encourage people to give their hands to work with others. As long as we can influence the others, we can bring the community closer to a bright future.
